

PATHETIC PATRIOTISM.

HOARY HEROES
MARCH IN RAIN.Ten Thousand Veterans Pa-
rade Through Storm.Drenched but Patriotic, Old
Soldiers Keep Going.Forty-first Procession Re-
veals Old Loyalty.

(BY DIRECT WIRE TO THE TIMES.)

SARATOGA (N. Y.) Sept. 11.—[Ex-
clusive Dispatch.] In a driving rain-
storm, which drenched them to the
skin, 10,000 veterans of the Grand
Army of the Republic today marched
in their forty-first parade in memory
of the days of war.Unmindful of the stress of storm, as
in the days of '61, when youth and
vigor and love of the flag knew no phys-
ical bounds, those that were left passed
in review over a measured mile
through village streets—a distance well
suited to their gathering years.Thousands of spectators, with heads
uncovered, watched the faltering lines
bearing the old banners with unsteady
hands.The rain fell with steadily increas-
ing volume as they marched, but
through the drenching torrents they
kept on.

INDOMITABLE VETERANS.

For an hour and more the veterans
walked between lines of cheering peo-
ple, keeping step to the music, which
again and again played cheerily "How
Dry I Am," and "Till the Sun
Shines Nelly."Gov. Charles E. Hughes, his military
staff, the national officers of the Grand
Army, and distinguished visitors, stood
on the reviewing stand all the while
sheltered from the driving storm only
by a flimsy covering of cloth, through
which the rain swept unchecked.For an hour the veterans marched,
and only when the last faltering rank
had passed in review did the rain
cease, the skies clear, and the sun
break forth. Then the dripping, but
undaunted old soldiers found their way
to lodging places, satisfied that the
"trifling rainstorm" had not more ar-
rested their onward march than it had
in the days of war.It was no cheerful day, nor a
good one, for men burdened with the
weight of years.

INSPIRING AND PATHETIC.

I have never seen anything as in-
spiring or so pathetic," said Gov.
Hughes, when the last flagging, drip-
ping veteran had passed the stand.
"When the serious consequences of
the march through the rain and the
of the veterans are considered, it is a
revelation of the courage and determi-
nation of the American people seldom
seen. It should serve as an in-
spiration and an encouragement to us
all. It was splendid—magnificent."Thirty-five veterans are in the local
hospital, the condition of none of
whom, however, it was stated tonight,
is serious.These are nearly all old men, who
suffer from the exertion of walking.

BUSINESS SESSIONS.

The business sessions of the encamp-
ment will begin tomorrow afternoon. Com-
mander Brown will present his annual
address and other official reports will
be read.The annual election of officers will
probably take place in the afternoon.
Former County Judge Charles G. Bur-
ton of Nevada, Mo., will undoubtedly
be elected Commander-in-Chief. To-
morrow night will be the last of the
series.Resolutions, it is expected, will be
introduced touching the situation of
veterans' widows to \$12 per month,
urging Congress to repeal the anti-can-
ton law, and authorizing the forma-
tion of branches of the "Patriotic Old
Soldiers and Sailors," a society cre-
ated for non-veterans who desire to
perpetuate the principles and work of
the Grand Army when its members
shall have died.Memorial Post of Cleveland, O., to-
night gave an illustrated "muster-in"
service in Convention Hall.The encampment will conclude late
tomorrow afternoon, or Friday.
The last open meeting of the week will
be a national campaign and a muster to-
morrow night at the Exposition grounds.The village was ablaze with national
colors covering the fronts of build-
ings, festooned at every convenient
point and strung in rows at short in-
tervals, across the streets and com-
pletely covering the interior of the
great convention hall, where the ses-
sions of the encampment were held.The day's programme began with a
reception at Congress Hall, the New
York State headquarters, in honor of
Gov. Hughes at 11:30 o'clock, and at
12:30 o'clock luncheon was served by
the Department of New York at the
Governor's, Commander-in-Chief Rob-
ert B. Brown and his staff, national of-
ficers, department commanders and
other distinguished guests. Meanwhile
there were several reunions of various
organizations.

COUNT SAYS FAREWELL.

Japanese Ambassador to Germany
Returns Home and May Be Suc-
ceeded by Viscount Aoki.

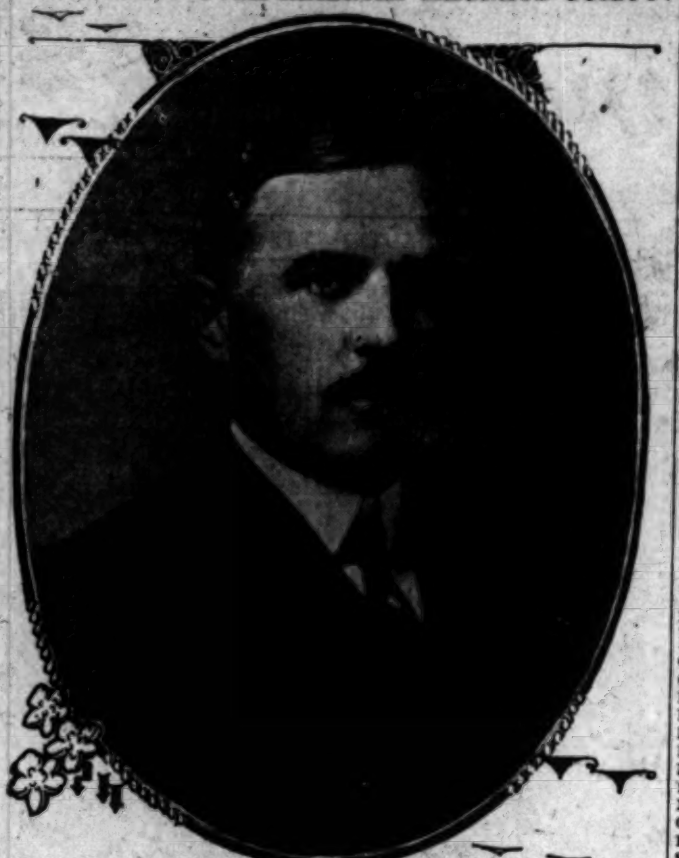

(BY THE ASSOCIATED PRESS—A.M.)

BERLIN, Sept. 11.—Count Inouye, the
Japanese Ambassador to Germany,
has taken his farewell of the Impe-
rial Chancellor, Prince von Buelow,
at Norderny, preparatory to sailing
for Japan.His successor has not yet been ap-
pointed, although it is asserted that
Viscount Aoki, the Ambassador of Ja-
pan at Washington, will be transferred
here.Count Inouye's most notable diplo-
matic achievement while in Berlin
probably was that of impressing the
Foreign Office with the idea that Ja-
pan was quite willing that Germany
should retain Kiau Chau, the territory
on the Shantung Peninsula, leased by
Germany from China in 1913, because
from the Japanese standpoint, so long
as Germany retains her territorial en-
terprise in the Far East, she can be
more easily dealt with after the Anglo-
Japanese alliance expires.

DEMAND GOOD ROADS.

VENTURA, Sept. 11.—At a largely
attended meeting in this city it was
decided to ask the Supervisors to
take immediate steps to call a
bond-issue election for good roads.
F. E. Davis was elected president of
the Good Roads Association, which
was organized. T. A. Rice was elected
vice-president, and D. J. Reese sec-
retary and treasurer. The Executive
Committee are Paul Charles, Joseph
Waud, R. P. Strathern, Frank
Pett, F. A. Foster, Thomas Clark, N.
L. Chaberg, G. W. Fleisher, E. R. Hill,
R. B. Edmundson. It is thought that
the Supervisors will call an election to
vote at least \$250,000, as it will take
fully that sum to build the bridges
and make the roads necessary in the
county.

IS THIS NEW YORK RAILROAD MAGNATE GUILTY?

Vice-President Smith.
A. H. Smith is not the first railroad man to be indicted for an accident on his road, but his case will have new features and will be in some degree a test of individual responsibility. Mr. Smith, as Vice-President of the New York Central, had charge of the construction of the new electrical division. A crowded car went off the track on this division while rounding a curve. The jury held the officials of the road responsible and the grand jury indicted Mr. Smith. The result of his trial will be at least the placing of responsibility for the accident.

BOUQUET FOR "BUCKEYES."
OHIO DAY IS CELEBRATED.
MANY PROMINENT MEN TAKE PART AT JAMESTOWN.

Former Attorney-General of United States Pays High Compliment to His Home State and Discusses Corporation Laws, Which He Says Control but Do Not Cripple.

(BY DIRECT WIRE TO THE TIMES.)
NORFOLK (Va.) Sept. 11.—[Exclu-
sive Dispatch.] Ohio State Day at the
Jamestown Exposition was celebrated
today with appropriate ceremonies in
Gov. Harris of Ohio, in the response,
the presence of a tremendous crowd,
in which many noted men were present.

Addresses of welcome were delivered
by Gov. Swanson for the State of Vir-
ginia, and Lieut.-Gov. Ellison of Vir-
ginia, on behalf of the exposition, re-
sponding Director-General James M.
Barry, a native of Ohio, who was with
Then followed the address of the day
by Judson Harmon, of Cincinnati,
former Attorney-General of the United
States.

After painting a beautiful word pic-
ture of the settlement of Ohio and its
relation to one of the greatest States in
the Union, Mr. Harmon said:
"The people of Ohio have no excuse,
for they have shown that they know
how to deal with trusts and combina-
tions organized and conducted in de-
fiance of the laws of trade and the
fruits of fair dealing."

CONTROL, NOT CRIPPLE.
"They are sure that they, better than
others, can control without crippling
the corporations. They create and fix
the conditions for those created by
other sovereigns that may do business
within their borders."

"And they are not willing to yield
the right to do this to any other
power, or to have it qualified, save
by the condition to which they have
given irrevocable consent, that they
must act justly with respect to rights
lawfully acquired."

"I am not taken with the idea of
seeking to limit by law the acquisition
of fortunes. The smallest fortune is
too great if it be dishonestly or un-
fairly gained."

"With laws so framed as not to im-
pose unnecessary charges on the peo-
ple, which operate to give some ad-
vantages over others, and with laws
impartially enforced to prevent unfair
methods and corrupt practices, no for-
tunes will be 'swollen,' which implies
unjust enrichment and growth."

DISBURSEMENT OF WEALTH.
"Nor with our well-tested systems of
inheritance and restriction of entail-
ments will fortunes long remain in
unworthy hands, while fairly-gotten
wealth has neither temptation nor oc-
casion to seek illicit favors from of-
ficials who make and enforce the laws."

"In our free country every man who
thinks happiness lies in wealth has
the right to get as rich as he honestly
can."

"All we should demand is that he
shall not increase his gains by with-
holding from the laborer his just re-
ward or adding hardships to his lot,
nor by depriving others of their gains
by unfair competition; and he must
bear his due share of the expenses of
the government, which protects him in
pursuit and possession."

Immediately following the exercises
at the Auditorium, the Ohio party was
tendered an official dinner at the Swiss
village.

In the afternoon there was a parade
by the United States troops.

EDITION IS CONFISCATED.
"Diary of a Lady" Deals With Scen-
dals of Courts of Bavaria
and Saxony.

(BY DIRECT WIRE TO THE TIMES.)
BERLIN, Sept. 11.—[Exclusive Dis-
patch.] The police of Leipzig have
confiscated the entire edition of a book
entitled "Diary of a Lady." Confisca-
tion was at the instance of the Sax-
onian government.

The "Diary" deals in a very free
manner with certain alleged scandals
connected with the courts of Bavaria
and Saxony, and members of the royal
house of those countries.

Both the King of Saxony and his
divorced wife, the Countess of Mon-
tignoso, fill prominent roles in the con-
fiscated book, which, throughout, is of
a highly unsavory character.

The two magazines and shell mounds
became dangerously heated and were
flooded to a depth of twenty inches.
Lieutenant-Commander Sticht di-
rected the fire party, consisting of
Gunner L. C. Hull and nine men, who
entered the magazines and removed the
ammunition.

The six boxes nearest the bulkhead

PITH OF NEWS FROM
THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 11.—[Exclusive
Dispatch.] More cold weather is
promised Chicago as the result of a
general drop in temperatures in the
Northwest and points in Canada. The
highest temperature recorded today
was 71, and the lowest was 55 deg.
Relative humidity was 86 in the morn-
ing, but there was a slight drying-out
late in the afternoon. Middle West

The violent stage in the tele-
graphers' strike was reached tonight
when one hundred and seventy-five
east-bound Western Union wires went
out of service. "Wire trouble" was the
explanation of the practical suspension
of east-bound business given out by the
officials of the telegraph company.

They attributed the trouble to stormy
weather and refused press messages for
the East. At the headquarters of the
struckers all knowledge of trouble
was denied. Officials said that, if any
wires had been cut, it had been done
by irresponsible persons.

EXEUNT "JOHNNY."
Chief of Police Shipley today
announced the death of the stage dor-
"Johnny," that institution that bloomed
when curtains were hoisted at three
thuds on the floor. The callous police
official pronounced that every theater in
the city would be rid of its alley en-
trance throng. It is explained that
stage door hangers-on are not all of the
sort with sparkling shirt fronts, wait-
ing automobiles and "wads" sufficient
to withstand the chorus girl appetite.

At a high-priced "plunge" many of
those who invite the wrath of gruff
doorknockers are there to satisfy curios-
ity.

WOMEN DESTROY ADS.
Armed with axes and crowbars,
a score or more of 2000 City
women, who had been aroused by the
exhibition of drug store sign

were so hot as to be handled with dif-
ficulty, while the bulkheads and thir-
teen-inch shells were so hot that they
burned the hands and blistered the
point.

The coal on fire was flooded and re-
moved from the bunkers, and the
bulkheads and shells were sprayed
with water until the temperature
dropped to normal.

The following men, who first entered
the coal bins, were recommended for
bravery by the commanding officer: C.
W. Leisegang, E. Rova, C. Bartunek,
J. L. Gaudin, L. Gaudin, E. J. Cross,
C. Sheppard, and L. Oster.

PEACE AMONG GRAIN MEN.
Treaty Declared Between Board of
Trade and Owners of
Big Elevators.

(BY THE ASSOCIATED PRESS—A.M.)
CHICAGO, Sept. 11.—A treaty of
peace has been declared between the
Chicago Board of Trade and the allied
elevator interests, ending the war
which for several months has been
disturbing the grain trade.

The owners of the elevators, it is
said, have acceded to the demands of
the exchange as to the conduct of im-
portant features of their business.

All the big concerns made applica-
tion to the Board of Trade directors
yesterday to have their respective
warehouses declared regular under the
rules of the exchange.

All of the elevators agreed last July
not to renew their State licenses, which
are necessary to the operating of public
elevators, and caused a serious men-
ace to the status of contracts made in
the pit, and the board, in order to
protect itself, made application for an
injunction restraining the elevator in-
terests from going out of business as
public warehouse men. The injunc-
tion was granted and later sustained
by Judge Carter of the Illinois Supreme
Court. It still remains in effect.

THEIR AIM IS BAD.
Two Men Fail to Wound Each Other,
But Three Persons Are Hit by
Flying Bullets.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Sept. 11.—[Exclusive
Dispatch.] Two unidentified men fought
with revolvers yesterday in East
Fourth street, and escaped unscathed,
after two children and a woman had
been wounded by their flying bullets.

The scene was the notorious "Corcoran
Roost" neighborhood, where a shot
was fired in the hip and abdomen, and will prob-
ably die. Edna Ogilvie, aged 4, received
two bullets in the left arm and one in
the thigh.

A bullet gashed Mrs. Mary Kelly's
left cheek. She fell to the street and
was badly hurt about the head.

GERMAN MIMIC WAR ENDS.
Emperor William Addresses Troops
Following Defeat at Tannenberg.

(BY THE ASSOCIATED PRESS—A.M.)
HOEXTER (Westphalia, Prussia),
Sept. 11.—The German army manue-
vers were concluded today with the
complete defeat of the "Blut armey,"
whose forces were turned out of their
trenches and were pursued with great
imaginary losses.

The officers of high rank then assem-
bled around Emperor William, who made
a long speech to them.

GALVESTON'S STRIKE IS ON.

Dock Laborers Walk Out, but Hurt Only Espee.

Contractors Refuse to Accede to Union Demands.

Negroes Will Be Substituted for the Strikers.

(BY DIRECT WIRE TO THE TIMES.)

DALLAS (Tex.) Sept. 11.—[Exclusive Dispatch.] A telegram received from Galveston says the threatened dock laborers' strike is on in full force.

In accordance with a decision reached after midnight, more than nine hundred men were called out this morning, completely tying up the Sunset Docks, though not interfering at all with other shipping in the port.

The Southern Pacific traffic, in-coming and out-going, is blocked. The dock workers made demands of contracting firms of a 5 cent per hour raise, straight and overtime, making the pay 35 and 50 cents instead of 30 and 40 cents, respectively.

The contractors were called on several days ago and the union was notified that the contractors would not accede to their terms.

When a vote was taken, shortly before midnight last night, only eleven members voted against going out.

The contractors state that they have arranged for all the men necessary and will have them on the ground tomorrow.

It is authoritatively stated that negroes will be substituted for the strikers. This may cause serious trouble.

LOAFERS DISAPPOINTED.

NO COIN FOR UNION IDLERS.

STRIKERS' RELIEF VAULTS ARE BOLTED IN CHICAGO.

Telegraphers' Unreasonable Demands Force Officers to Put Padlock on Coffers—Speakers Now Needed Who Can Go Among Teamsters and Raise Money.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 11.—[Exclusive Dispatch.] Word reports in the ranks of the striking telegraph operators as a result of the announcement at the Board of Trade meeting that the strike of the relief fund vaults have been drawn tight and bolted.

When the local president, M. J. Paulson, made this announcement, a hush fell on the congregation, strikers, the majority of whom have come with the expectation of receiving a weekly relief allowance.

Paulson gave two reasons for the padding of the strike treasury: He declared that demands upon it had been altogether unreasonable and unnecessary, and that there was no money to fill these demands, since it had been found impossible to secure speakers to be detailed to other Chicago unions to ask for financial aid.

Paulson, who was delegated by his colleagues to make the announcement, did his duty tactfully, so that when he was through there was for a moment a flurry of concuring enthusiasm, though it was short lived, however.

CATSPAW GETS BLAME.

CORNELIUS IS GOOD DODGER.

RICHARD PROVES EVASIVE ON THE WITNESS STAND.

Does All He Can to Absolve San Francisco Unions Charged With Picketing and Disseminating "Unfair" Notices—Defense Would Strike Out All Testimony.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 11.—[Exclusive Dispatch.] Richard Cornelius was on the witness stand in Judge Sturges' court over an hour this morning in connection with the application of James H. Aver for an injunction to restrain the Carpenters Union, the Building Trades Council and the Labor Council from interfering with his place of business at No. 1201 Kentucky street by picketing and disseminating "unfair" notices, because a former employee of his had been seen riding on a street car.

Cornelius was an evasive witness, doing all in his power to absolve the defendant organizations of any responsibility for the treatment which resulted in Aver's daily volume of business shrinking from 125 to 40 after the boycott was placed upon it by union pickets.

The blame was generally passed up to John Davaney, captain of pickets in Potrero district, who was said by Cornelius to have been acting without orders from the General Strike Committee.

Cornelius declared the Labor Council had not declared the United Railroads "unfair," although the Carpenters Union had gone on a strike. He did not know who authorized the printed circular which had been handed around in the Potrero district, declaring Aver's place "unfair," and said the only duties prescribed for the pickets were to note the number of passengers on the cars and the soliciting among Union Iron Works employees for patronage for the union buses.

Aver was recalled to the stand and repeated his testimony as to the loss of business and the activity of the pickets in dissuading would-be patrons from entering his place.

The case for the plaintiff closed with Aver's testimony, whereupon Attorney C. L. Dam, for the defense moved that all the testimony taken during the hearing be stricken from the record, as it did not connect the defendant organizations with the acts of the pickets. Arguments on this motion will be heard tomorrow.

Machinists Talk Referendum.

ST. LOUIS, Sept. 11.—Today's session of the convention of the International Association of Machinists was principally devoted to a discussion of the initiative and referendum with reference to the proposed amendments to the constitution of the organization. No action was taken.

POLICE AID RIOTERS.

(Continued From First Page.)

got ours and you would have got yours if we had shot better. All of the five wounded men had pistols on them when we arrested them."

WHAT REALLY OCCURRED.

The facts as developed by a searching investigation made by President Calhoun and General Manager Mulhally place the affair in a very different light and are of a color with the frequent outbreaks of lawlessness and acts of outrage openly perpetrated by union men and their sympathizers since the commencement of the street car strike four months ago. General Manager Mulhally, upon his return from the Mission at noon, made the following statement of the facts gathered, in support of which, he said, there is abundant evidence.

"On the night of the 9th (Monday) we had trouble at Twenty-sixth and Bryant streets. Spikes were wedged between the rails there and a car was derailed on a curve. Our men were shamefully abused, and a car was wrecked with a force of men to put the car back on the track. The wrecking car was stopped from the picket fence opposite, and as the work crew stepped down from the car they were fired on by pickets, armed with revolvers, who issued from the union tent. The guards retreated toward the barn, the pickets following and shooting at them, and our men returning the fire.

"Four of our men—Smith, Keane, Cohe and Perkins—fell under the rain of bullets. The other three were taken as to the manner of their wounding is untrue.

SHOT BY POLICEMEN.

"The pickets then threatened to attack the carhouse and did attack it, firing several volleys of bullets which struck the building. Our men in charge called out the non-union carmen in the barn to guard the company's property, and they responded promptly. This was a war measure to prevent the union men from carrying into effect their threat to storm the doors and take possession of the barn.

Rendberg was shot by a policeman as he stepped out of the doorway. He is the most seriously wounded of the five. The bullet from the officer's revolver entered his left breast.

"We are gathering the evidence and will try to bring the union rioters and the inefficient officers to punishment. At 11 o'clock this morning union pickets attacked one of our men at Twenty-fourth and Potrero streets, and struck the pickets' tent. When he made a motion to draw his pistol they fell back.

Mr. Mulhally, when asked if the company proposed to bring the facts of last night's rioting to the attention of Mayor Taylor, said he doubted that it was worth while; that the attitude of the Mayor thus far, especially as emphasized by him in the appointment of Michael Casey, leader of the teamsters of a few years ago, to the Presidency of the Board of Public Works, has not been such as the public was led to expect and hope for.

MAYOR'S PROMISE.

Late this afternoon, Mayor Taylor, aroused to action by last night's rioting and bloodshed, issued orders to acting Chief of Police Anderson to increase the police force in the Mission district.

"Law and order," said the Mayor, "must be respected in San Francisco, and I am going to see that it is upheld without regard to persons."

When the facts of the rioting were gathered by the officials of the United Railroads were laid before the Mayor, he said that he had no disposition to dispute them, though he himself did not personally investigate the affair. He gave assurance that he will personally see that the police do their duty and that the non-union carmen receive protection in the lawful operation of cars.

THE INJURED.

The non-union men injured in the fight who are now at St. Luke's Hospital, are:

MORRIS RISENBERG. Non-union conductor, bullet wound in the left chest. The bullet penetrated the thoracic cavity and came out at the back.

ROY PERKINS. Conductor, flesh wound in the right chest.

HARRY COHE. Conductor, bullet wound in the right leg.

FRANK SMITH. Conductor, bullet wound in the right forearm.

Harry Green and John J. Cotter are under arrest, charged with assault to murder. Frank Smith, Harry Cotter, Maurice Risenberg and Roy Perkins are charged with carrying concealed weapons and discharging firearms within the city limits.

It is stated that Risenberg has a chance to recover, and that the other four wounded men are getting along well.

VERDICT OF MURDER AGAINST TANSEY.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 11.—[Exclusive Dispatch.] John J. Tansey was charged with murder by the coroner's jury which today investigated the killing of Policeman Edward J. McCarthy, who was shot at Twenty-fourth and Folson streets early on the morning of September 3. Tansey is now in the city prison.

The testimony developed nothing new. According to the witnesses, a group of rioters, which Tansey was one, were ordered to move on after they had emerged from a saloon at the corner, where the shooting later occurred. They obeyed the commands, but shortly after, Tansey and George Bell returned. Their loud talking disturbed the neighborhood and they were ordered to move on. Tansey and Bell again ordered the two to move on, when Tansey drew a revolver and fired. McCarthy fell into Mitchell's arms and the assailants ran through an alley and made their escape.

In reply to direct questioning from Attorney Kirk and one of the jurors, Mitchell said he was able to positively identify Tansey, as he had looked closely at him in the first instance and had been further impressed by him at the time of the shooting. McCarthy was standing within a foot and a half of the witness at the time that Tansey, he says, who was about a foot away, fired the shot.

Mitchell also said in answer to questions that no force was used by McCarthy when making the arrest, but he laid his hand lightly on Tansey's arm and made some remark. Both officers were in uniform.

George Bell, who was with Tansey, was a witness and his testimony was strongly against the defendant. He said that he and his companions had been to the theater and afterwards walked up and down Mission street as far as Twenty-ninth. The jury reached a unanimous agreement in a few minutes.

CORONER'S JURY HOLDS CAR CREW FOR KILLING.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, Sept. 11.—The inquest in the death of John Peterson, who was shot during the rioting on Labor Day resulting today in a verdict stating that the fatal shot was fired either by Conductor James Watkins or Motorman Fred Durbin, and charging them both with murder.

DRUDE ORDERED TO STRIKE SOON.

FRENCH GOVERNMENT DECIDES TO TAKE THE OFFENSIVE.

Premier Clemenceau Wires Commander of Expeditionary Force to Make Sharp and Decisive Attack Upon Moroccan Tribesmen as Soon as Possible.

(BY DIRECT WIRE TO THE TIMES.)

PARIS, Sept. 11.—[Exclusive Dispatch.] French troops are preparing to strike a heavy and decisive blow at the Moors who have been attacking Casa Blanca and other seacoast cities. The time for peaceful methods has gone by, the government has decided, and now force will be used in order to impress on the tribesmen the fact that their reign of terror must come to an end.

Premier Clemenceau admitted tonight that he had instructed Gen. Drude, commander of the French expeditionary force, to make a sharp and decisive attack on the tribesmen when, in his judgment, the occasion is opportune. At the same time the Premier asked the general to inform him when he thought he would take the offensive.

No answer has yet been received, and the government is, therefore, still in the dark as to the plans of the general.

Gen. Drude is still suffering from fever, it is known, and this may account for his silence.

A message from Casa Blanca says: "The obstinate refusal of the Moroccan tribesmen in the interior to join in the movement is declared to be the cause of the failure of the peace negotiations which were started by the tribes."

It is reported here today that the tribesmen are recuperating from the battle fought September 3.

STRIKERS RESUME WORK.

Angels' Camp Miners Decide to Return to Work and All-night Celebration Follows Meeting.

(BY THE ASSOCIATED PRESS—P.M.)

ANGELS' CAMP, Sept. 11.—At a called meeting tonight, by a vote of 145 to 64, the union miners decided to call off the strike against the mine owners and return to work at once.

Only Austrians and other foreigners were for to continue the strike. There is great rejoicing following the announcement of the vote and an all-night celebration is being held.

The mines will resume operations at once.

WOMAN CHASES GIANT NEGRO.

Wakes Up in Night and Discovers Black Burglar by Bedside, but Puts Him to Flight.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 11.—[Exclusive Dispatch.] Mrs. Anna Whims of Chicago, a wealthy widow, at present occupying an apartment on the third floor of No. 215 Fifth avenue, was awakened yesterday afternoon by a giant negro bending over her bed.

After striking the man and bravely chasing him out of the house, Mrs. Whims collapsed from fright and sat on the floor, drawing her knees up to her head and barred doors, afraid to venture out.

When the negro awakened her, Mrs. Whims sprang out of bed and demanded: "What do you want?"

"Some money," replied the negro. She picked up a tall chair and hit him over the head, then pursued him into the hall, striking him at every opportunity. The burglar did not attempt to resist, but picked up a small hand-bag on his way out.

Then, with the shoes that he had moved, in his hand, he jumped down the stairs. Mrs. Whims, who had the front door slam and sank down in terror.

It was not until Mrs. Lonia, daughter of Mrs. Whims, came home in the evening that her mother consented to leave her room, where she had remained all the time in a state of fright. Mrs. Whims is the widow of a former prominent western railroad man.

STARTED BY BLACK HAND.

Run on Bank Due to Gang's Desire to Learn Who Are Its Principal Depositors.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 11.—[Exclusive Dispatch.] The run on the East Brooklyn Savings Bank which began Monday was the outcome of an ingenious plot of the Black Hand.

Two sisters, named Penny, who keep a store at No. 286 Myrtle avenue, told the police that on Friday a woman, who was at its height, a young Italian customer of theirs entered the store in great excitement. He said he had recognized several members of the Black Hand Society in the throng. When a depositor would draw out a large sum of money the men inside would signal to confederates on the sidewalk. Then the man who had drawn his money would be followed home.

In this way the addresses were obtained of probably 100 depositors. The police expect that East Brooklyn will be flooded in a few days with Black Hand notes demanding money.

FIND SHORTAGE OF \$100,000.

New Orleans Police Now Looking for Chief Clerk of State Tax Collector, Accused of Theft.

(BY THE ASSOCIATED PRESS—A.M.)

NEW ORLEANS, Sept. 11.—A \$100,000 shortage was discovered today in the accounts of the State Tax Commission of this city, and the police are searching for Charles E. Letten, chief clerk of State Tax Collector John Fitzpatrick of the First District, who is charged with the defalcation.

This is the third defalcation in six months in the previous tax department. The two previous shortages totaled nearly \$100,000.

There is no clue to the whereabouts of Letten. He has held the position for fifteen years, and no record can be found of any bond having been required of him.

HER SACRIFICE TO ART.

New York Actress Keeps Wealthy Senior Waiting Six Months and Then Tells Him "No."

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 11.—[Exclusive Dispatch.] Many young women have made sacrifices for a career before the footlights, and Miss Inez Skinner has added her contribution to the already long list. She has refused to become the mistress of 4000 acres of sugar plantation in Mexico, and incidentally refused the name of Mrs. Juarez Lenti.

Lenti traveled to the cities her company played in and finally obtained the promise of the young woman to give him an answer in six months, whether or not she would become his wife.

Lenti returned to Mexico, but came to the attention of a newspaper editor. Today he departed for his home.

TAKE SCHAPMAN'S PLACE.

Kansas City Man Succeeds Late General Manager of Bay City United Railroads.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 11.—[Exclusive Dispatch.] Charles N. Black, general manager of the Metropolitan Street Railway Company of Kansas City, is to be the new general manager of the United Railroads of San Francisco, to take the position made vacant by the sudden death of General Manager Chapman, who succumbed to overwork and exposure brought on during the trying times of the first few days of the car strike.

Mr. Black has been connected with the Metropolitan in Kansas City for the last five years.

"Black is a fine operating man," said President Patrick C. Calhoun tonight. "He is one of the best in the country. He is, I should say, about 46 or 47 years of age. He will be here very soon. Mulhally has only been acting as general manager since Chapman's death. He will now continue in his regular position as assistant to the president."

MINERS OUT ON STRIKE.

GOLDFIELD, Sept. 11.—Word was received in Goldfield today that the men employed by the California Nevada Power Company on construction work at Bishop, Cal., had struck for an advance of \$1 a day in wages.

The company furnishes power for the mines in Goldfield and other camps throughout Nevada. The strike will not affect the camp, but will delay the starting of the big mill just completed by the Pittsburgh Silver Peak mine at Blair, and will cause considerable inconvenience at other points.

Out of a total of 200 men employed, 150 are out. The men were recently organized by the Western Federation of Miners.

AN OPPORTUNITY

For a Man Who Can Sell

Not all good salesmen have good positions. The men who have it in them to sell have yet to find the right opportunity to develop this ability, or the place where their ability will be rewarded when shown.

Of the above applies to you, if you are all right in character, capable as a salesman, and permanent in your work, this advertisement is pointed right your way. The business referred to is the sale of life insurance.

That is certain to be more in demand every year. The Company referred to is the strongest in the world—its policy holder, best for agent. A contract will be made that will result in building up an increasing income year. No previous experience is necessary; a complete professional instruction will be given free, but the calls for work—it will never pay a quitter. If you are interested, drop a line at once to the undersigned, your references, and tell him something about your bill. All letters treated in strict confidence.

NEW LINER ON HOME STRETCH.

LUSITANIA'S AVERAGE IS OVER TWENTY-FIVE KNOTS.

Big Marine Racer Expected to West Record from German Ship Deutschland—Wireless from ON Cape Race Declares Her Marvel of Construction.

[BY THE ASSOCIATED PRESS—A.M.]

NEW YORK, Sept. 11.—The great turbine steamer Lusitania of the Cunard line is racing along at a twenty-five-knot clip this afternoon on the final stretch of her maiden voyage to New York, and wireless dispatches from Cape Race, N. F., early today indicate that she probably will arrive here some time between midnight and 1 o'clock Friday morning, breaking all trans-Atlantic records.

Cunard officials are awaiting this afternoon to hear from the giant craft, which has entered the wireless zone near Cape Race.

GOVERNMENT DENOUNCED.

Newfoundland Official Not Pleased at Fisheries' Modus Vivendi Which Prevented National Friction.

[BY THE ASSOCIATED PRESS—A.M.]

WASHINGTON, Sept. 11.—Being under the impression that Sir Robert Borden had secured about everything of importance that he wished included in the modus vivendi relative to the Newfoundland fisheries, the State Department officials here were surprised to read a report that the Premier had denounced the imperial government for excluding the arrangement which was absolutely necessary to prevent serious friction between the two great nations. They were disposed to draw a parallel between the attitude of Newfoundland and California in this matter, according to the view of the Washington government, showing a lack of appreciation of the propriety of attacking the home government by local legislation.

The statement is made that, with the single exception of securing the rights of American vessels to ship Newfoundlanders, as fishermen, the American government has, for the sake of peace, surrendered all of the extreme points claimed by it. This right of shipping Newfoundlanders is to be exercised in a manner least likely to offend Newfoundland's pride, for the men are to be taken aboard off shore and not within the territorial waters of the colony, although the Americans have always insisted that they had the rights under the treaty to take the men off the docks if they called to ship there.

The future discussion of the subject is regarded by officials as purely academic, as the modus vivendi is now a completed instrument.

If the Newfoundland Premier carries out his announced purpose of exciting colonial laws, even where they conflict with the American treaty rights, it will be the duty of the British government to deal with the case, and no concern of the State Department.

Emil Firth

319 West Fourth St. Between Broadway and Hill

WILL BE HAILED AS "QUEEN OF THE SEAS."

[BY THE ASSOCIATED PRESS—A.M.]

CAPE RACE (N. F.) Sept. 11.—The Cunard line steamer Lusitania, whose maiden voyage across the Atlantic is expected to eclipse all ocean records, came in touch through wireless telegraph with the American continent early today.

At 5:30 o'clock this morning a message was received from the steamer saying that the vessel was 225 miles southeast of Cape Race at that hour.

The indicated position of the Lusitania is about 115 miles from Sandy Hook, so that the big steamer, if she can maintain the rate of twenty-five knots, will reach the entrance to the port of New York about 1 o'clock a. m. Friday, which would make the time of the voyage about four days and eight hours, more than thirteen hours better than the record trip between Queenstown and New York—five days, seven hours and twenty-three minutes—made by the Cunard line Lusitania. Such time, if made, also will break the best Atlantic record from the Germans, now held by the Hamburg-American steamer Deutschland.

When heard from this morning, the Lusitania had traveled about 145 of the 2750 miles between Queenstown and New York in approximately seventy hours. This would make her average speed up to that point a trifle better than twenty-three and one-half knots per hour.

It is known that fog materially interfered with the speed of the Lusitania for many hours after she left Queenstown, her speed at times being reduced to twenty knots, and that since then she must have steamed much faster than twenty-three and one-half knots to secure the average.

The run from Cape Race down the coast is generally made at top speed, as conditions are favorable, so that shipping men, who learned of the Lusitania's position this morning confidently predicted that, barring accidents, the Lusitania would be hailed as queen of the seas when she reaches port early Friday.

A dispatch of the Associated Press correspondent on board the Lusitania by Marconi wireless reads as follows: "On board the Lusitania, via Cape Race, N. F., September 11."

"Associated Press, New York, Tuesday noon, 11th miles from Queenstown; fog, rain, northerly winds. Lusitania a marvel of construction, comfort, luxury, steadiness. No sea sickness. All enthusiastic."

The distance covered by the Lusitania between Tuesday noon, when the above dispatch was sent, and the point at which she was reported to the Cunard line at 5 o'clock this morning is about 48 miles, which distance was made in seventeen hours, indicating that she was making a little better than twenty-six knots per hour at that time.

VAST BOND TO BE DEMANDED.

Standard Oil Company May Have to Put Up \$7,000,000 Before Obtaining Writ of Superseas.

[BY DIRECT WIRE TO THE TIMES]

CHICAGO, Sept. 11.—[Exclusive Dispatch.] To obtain a writ of superseas, preventing the government from seizing the property of the Standard Oil Company of Indiana to collect the \$29,420,000 fine imposed by Judge Landis, before the case is reviewed by a higher court, the company will probably have to furnish a bond of \$7,000,000.

The amount of the bond was considered yesterday by Judge Greasup, but final decision was postponed until Tuesday. The judge, however, stated his intentions.

"I don't believe the court is bound to require a superseas bond for the whole amount," said the judge. "What seems to me just and sufficient to insure against the transfer of the property would be to make the bond equal to the value of the property, upon which execution could be served."

Judge Greasup said he had in mind a \$2,000,000 cash bond and a forthcoming bond equal to the value of the property. The Whiting plant is assessed at \$5,000,000.

CURIO DEALER FOUND DEAD.

Faithful Dog Betrays Presence of Corpse in Room of Quaint Old Curiosity Shop in Chicago.

[BY THE ASSOCIATED PRESS—A.M.]

CHICAGO, Sept. 11.—Surrounded by antique furniture, rare old books and paintings and curios from all parts of the world, John J. Gustave Burghoffer, an eccentric curio collector, was found dead yesterday in a small room in the rear of his "old curiosity shop" at No. 34 North State street.

His faithful old dog Ritz, which had been Burghoffer's only companion during the last few years of his life, gave the alarm which led to the discovery of the old man's death by his own piteously.

Burghoffer had spent more than 40 years in Chicago in the business of collecting curios. He enjoyed a wide acquaintance among Chicago artists and curio collectors.

Burghoffer was born in Paris sixty-four years ago and came to Chicago from France when 19 years old. He was married at Omro, Wis., in 1884, and brought his bride to Chicago by train. Years later, after a son was born, his wife deserted him and took the child with her. She is now said to be living in Seattle.

In a dusty old satchel tucked away in an antique cabinet in the shop was found Burghoffer's will, included in a sealed envelope. The will named as his heir Burghoffer's son, whom he has not seen since the mother took him away in 1871.

The shop contains one of the most valuable collections in Chicago. Some of the "old masters" there are said to be worth from \$500 to \$1,000. It is said he owned considerable real estate in various parts of the city.

Rev. Arthur Phelps, who has been spending a vacation in Europe, returned home yesterday and will occupy his pulpit in Central Baptist Church next Sunday. His morning topic will be: "No More Sea." In the evening he will begin a series of talks on "The Los Angeles Chapter of the American Institute of Banking wishes to raise funds for permanent quarters. Substituted Clerks.

Postmaster Flint has named the following substitute clerks, as the result of the recent civil-service examination: John A. Decker, Grant N. Blair, Edward DeMott, Walter M. Brown, William W. Carl, Richard L. Fleming and Matthew Elliott. The following men have been appointed substitute clerks: Frank D. W. Putnam, Philip F. Myers, Nicholas S. Wells, George R. Lynch, Andrew G. C. Brown, Otto A. Stoltz, Milton H. Brinkman, Marshall Velles, Harry M. Deenan, Edward Harkoff and William D. Myers. Begins Twenty-first Year.

Casualty College opened its twenty-first year yesterday with songs and bells and spirited addresses. The enrollment in the largest in the history of the institution. The freshman class has more than thirty young men. Addresses were made by Dr. Hugh K. Walker, president of the board of trustees; Prof. W. S. Stevenson, Dean W. D. Ward, Prof. Lorin A. Handley and President Benson. Barker concluded his remarks by saying: "I have never been more encouraged in my life than today."

Because of a hitch in the plans, caused by the Interstate Commerce Commission's regulations regarding railroad rates, the much-talked-of banquet of the Los Angeles-Nevada Mining Stock Exchange will be postponed one day and will be held next Tuesday evening. This also delays the opening of the new exchange for twenty-four hours, but it will be ready for business on Wednesday. The exchange's calendar, which will arrive in this city in a day or two. He comes from the caller's room of the Goldfield Stock Exchange.

Leaves His Star. Deputy Constable Frank B. Jones was arrested for disturbing the peace in a barber shop on South Spring street last night, where he attempted to secure a free shine. He engaged in an altercation with the barber and then showed his star and threatened to arrest him. It is alleged. As soon as Jones was lodged in the City Jail, Constable Cleveland was notified. He went to the jail and took Jones's star. The man's appointment will be re-taken today. He is an employee of the Merchants' Fire Dispatch.

Former Angeleno Dead. L. B. Hoyt received word last night that his brother, William A. Hoyt, had died suddenly at Adin, Colo. Another brother, Harry R. Hoyt, has started work with the Federal Reserve Bank. "Made in the Potholes of Southern California"—Phoenix Jams and Mar-malades. Dr. William R. Moloney has returned from the East. 421 Mason Bldg. Dr. Percival, 2635 West Pico, returned. Dr. Percival, 2635 West Pico, returned. Damon, piano tuner, 31, 345 Spring. Pure D. Bonoff, furrier, 214 E. 8th.

ART SUPPLEMENT ALBUM. The art supplements which have been issued with the Sunday Times have been bound in an attractive souvenir booklet and thus may be preserved in permanent form by the many who have admired them. The booklet is on sale at the Times counting-room at 25 cc. per copy.

HEALTH OF SCHOOL CHILDREN ENDANGERED BY ITS USE.

Investigation Into Physical Welfare of New York Pupils Leads to Interesting Report from Brooklyn Principal—Rules for Purity and Incorrigible Children Suggested.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Sept. 10.—The physical welfare of New York's school children is engaging the earnest attention of the educational authorities. Superintendent Maxwell, at a special meeting of all the school principals of the city, impressed upon them this feature for the care of the little ones. He said it was the duty of the principals and of the teachers under them to make personal investigation of the physical condition of the children and to urge upon the parents the necessity of medical attention where physical defects in children are discovered. Special attention, he said, should be given to four classes of pupils: To over-aged children, to determine whether their intellectual development has been retarded by physical defects; to children who are evidently suffering from physical defects; to incorrigible children, and to persistent truants. In connection with the movement to improve the health conditions in the classroom, the report of Lyman A. Best, president of the Brooklyn Teachers' Association, is interesting. In this report to the association, he gives the opinion that the feather duster is a spreader of disease germs and is responsible in a great measure for the physical conditions of school children. He says statistics show that the ordinary contagious diseases of children, such as measles, scarlet fever, diphtheria and croup, show an abrupt rise in the number of cases in the fall after school windows are closed, while just as abrupt a decrease occurs in the spring when the windows are open. The cause, he attributes to schoolroom dust. "Destroy all feather dusters in the school and prohibit their use," is one remedy suggested by Mr. Best. Before any sweeping is done, wet sawdust should be scattered over the floor. Drifting should be done with dampened cloths. Every schoolhouse, erected in the future should be completely provided with a vacuum cleaning outfit in the building.

ACTRESS HIT BY SWORD. Henrietta Crozman Wounded on Head by Member of Company, While Unguarded in Fencing Bout. (BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Sept. 11.—In the duel scene in the second act of the new play, "The Christian Pilgrim," now rehearsing at the Hudson Theater, Henrietta Crozman, falling to guard herself properly, was struck on the head with a broadsword in the hands of a member of the company. Miss Crozman got a scalp wound half an inch long. Preparations for the play have consequently been postponed for several days.

SMOKE
Judgment, and in which the Trustee, as I have said, may or may not have made mistakes. In these matters every man is entitled to his own opinion, provided he fully understands the facts of the situation. In most of these, however, there has been a clash of interests and the facts have been entirely misrepresented. The fact is, however, that the Trustee, who is a man of integrity and high character, has been unfairly treated. It is a matter which we can readily take care of locally, and it is, with the people generally, rapidly beginning to be fully appreciated.

WHY HE PROTESTS.
"What I do protest against, however, and what has induced me to give out this interview, is the fact that these disincorporation interests, headed by the Abbot Kinney Company and by Abbot Kinney—the latter of whom has made personal threats as to the amount of money that he intends to spend to ruin different members of the Board of Trustees morally and financially—are covertly and maliciously attempting to besmirch the good name of the city of Los Angeles, and to simply endeavor to do their duty, and who have done their duty to the best of their ability."

STRANGER THAN FICTION.
ODD SUIT FOR QUEER THINGS.

UNPRECEDENTED LIST WIFE IS ACCUSED OF STEALING.
Corkscrew, Dancing Girl Statuette, Rolling Pin, Potato Masher, Can of Chocolate and Blanket Among the Articles Obtained from Husband by Burglar, He Avers.

Elmore Stewart and Mrs. Uertle Stewart were in court again yesterday, but this time it was not to bring stories of cruel maltreatment of a child, wrecked families and divorce cases. This time no father in the courtroom, forgetful of his danger of finding himself in contempt, cried out to his daughter, young Cecil Stewart, that she was a liar, as J. W. Cornick did in a previous action between the Stewarts.

The present action came to trial before Justice Stephens, and was brought by Mrs. Stewart against the wife, who has twice tried to get rid of by means of court proceedings. Its purpose was to recover a tin cash box, bound in iron, which cost \$10 twenty years ago; one double-edge gold piece, date of 1886; one woollen blanket, a silver thimble, a lady's watch, one waffle iron, one potato masher, one rolling pin, a cook book, three tea trays, a night key of the house in San Diego, one old trunk, one new trunk, one brass bedroom key, one pickle dish, one cork puller, a three-pound can of ground chocolate, a bisque statuette of a dancing girl, and fifty other articles, all enumerated in the complaint and of an alleged total value of \$250.

All of these articles, according to the plaintiff, had been purloined from his house by Mrs. Stewart after she had deserted him and had come to Los Angeles to live.

Stewart testified that he was kicked out of the house where Mrs. Stewart is staying, when he went there on July 17 in search of his tin box. This and the other things the wife is accused of securing by climbing through a window of the San Diego house which had come to be her home.

The man alleged to have done the kicking is J. W. Cornick, who figured prominently in the habeas corpus proceedings over young Cecil Stewart, which brought Mr. and Mrs. Stewart into court on July 8. Mr. Cornick is alleged to be one of the men for whom Mrs. Stewart is said to have left her husband. Testimony in the habeas corpus proceedings showed that four divorce cases have resulted from Mrs. Stewart's activities in two communities.

Stewart seemed very much grieved at being kicked by Cornick. He had not had any intention of taking Mrs. Stewart away from the kicker. It seems, but went to her house solely in search of the tin box, the bisque dancing girl and other nic-nacs.

Mrs. Stewart seemed to enjoy the proceedings yesterday. She smiled and chuckled frequently while her husband she had left testifying. At intervals she would turn what appeared to be an affectionate glance on her 13-year-old son, Cecil, who was taken from her by order of Judge Wilcox on July 8, and unwillingly given over to the father, because it was the law.

Capitalized at Over Hundred Million.
The importance of the printing industry of the United States is attested by a bulletin of the United States Census Bureau. It required \$35,000,000 capital to conduct the printing and publishing business of the United States in 1905, nearly double that amount invested in 1900. The number of establishments in 1905 was 24,422. According to the figures of the bureau, in 1905 an amount equal to \$1.37 per capita of the population of the United States was spent on the purchase of newspapers and periodicals, while \$1.79 per capita was spent on advertising.
The bulletin continues: The total value of products reported in 1905 was \$49,061,557. During the brief period from 1900 to 1905 the increase in value of products was nearly double that from 1890 to 1900, or, in absolute figures, \$14,000,000, compared with \$7,000,000.
Among the ten industries having value of products in 1905 exceeding \$10,000,000, printing and publishing ranked seventh, having advanced to that position from tenth in 1900. The ten leading industries were as follows: Slaughtering and meat packing, iron and steel foundries and machine shops, clothing, printing and publishing, cotton manufactures, woolen manufactures and other textiles, food products, lumber and wood products, and the chemical and allied industries.
Of the total number of establishments in the entire industry about one-third were exclusively book and job printing, and over one-half were establishments producing both book and job printing and periodicals. In the value of products the exclusive establishments were practically on a par with the book and job printing establishments. The amount reported for book and job printing being \$18,750,000 and for newspapers and periodicals, \$18,750,000. In the combination establishments the value of newspaper and periodical products greatly outweighed the value of book and job printing. The entire value of products distributed between the two general classes was \$23,250,000 for book and job printing and \$25,810,000 for newspapers and periodicals. Two-thirds of the total value of products of the industry was contributed by six States—New York, Pennsylvania, Illinois, Massachusetts, Ohio and Missouri. These States are also the principal producers in each of the two branches, although in unequal proportions.
ADVANCE IN ADVERTISING.
The value of products of newspapers and periodicals arises from two sources of income—subscriptions and sales, and advertising. At the census of 1890 the assets derived from subscriptions and sales exceeded those from advertising by almost \$1,000,000, or approximately one-fourth. In 1905 the products of both branches were almost equal, subscriptions and sales, however, being greater by \$2,000,000. At the census of 1900 advertising took the lead, with an excess of nearly \$18,000,000. Since 1900 this lead has been further increased, and in 1905 it amounted to nearly \$34,000,000. It is probable that this change in relative positions of these two classes of assets did not result from failure on the part of receipts from sales to advance generously in amount, but from the much more rapid increase in receipts from advertising; the former more than doubled from 1890 to 1905, but the latter much more than tripled. In 1905 the establishments devoted exclusively to the production of newspapers and periodicals were presented separately for the first time. They formed 24.8 per cent. of all newspaper and periodical establishments and contributed 60.6 per cent. of the total newspaper and periodical product.
90,000 TONS OF PAPER USED.
No increase in the industry has been more striking than that reported for the number of pounds of paper used. Of the total amount of paper manufactured in 1905 more than 90,000 tons were used solely for newspapers and periodicals, representing almost one-third of the entire output of the paper mills of the United States. To make this paper required the services of nearly 15,000 men and represented approximately \$9,000,000 in wages. These mills used as raw material 1,300,000 cords of spruce, hemlock and hemlock logs, representing the timber product of approximately 100,000 acres, exclusive of the logs imported from Canada. The average working day in the year the forests of New England and the Middle States, with scattered areas elsewhere in the North and Northwest, yielded approximately 1,700,000 feet of timber to be transformed into the newspapers and magazines required to supply the people of the United States.
The great increase in the amount of paper used is due as much to the increasing size of newspapers and periodicals as to increasing circulation. This increase in size results not only from the constantly extending use of typesetting machines, but also from increasing resources acquired during an unusually long period of prosperity.
Mr. Pacheco, the newly-appointed Minister from Mexico to Japan, presented his credentials yesterday at Tokyo to the Emperor, who granted him an audience at which the Emperor was present.

Hay's Hair Health
RESTORES GRAY HAIR to its NATURAL COLOR.
Stops its falling out, and positively removes Dandruff. Keeps hair soft and glossy. Is not a dye. Guaranteed perfectly pure.
Philo Hay Spec. Co., Newark, N. J. 50c. bottles, all druggists.

“The Burden of Prosperity”
That well known manufacturing concern, making the best ORGANS in the world.
The Murray M. Harris Co. Offers \$100,000 Treasury Stock at 90
(Par Value Being \$100 Per Share)
To provide additional capital to increase its force to fill orders NOW ON ITS BOOKS.
Over \$140,000 Orders Waiting!
Our factory is a 3-story substantial brick building, occupying nearly an acre of ground, corner Sichel street and Alhambra Ave., (East Los Angeles). We own it, and it is fully equipped with modern machinery and the necessary appliances to turn out orders economically, but having 3 times the business we expected, we NEED MORE CAPITAL, which makes it your
Opportunity to Make Money. The Money Raised is to be ADDITIONAL WORKING CAPITAL
It goes at once into the execution of orders to make profits; that there is a HANDSOME PROFIT in making these organs goes without saying. Our staff of skilled mechanics turn out THE BEST WORKMANSHIP IN THE UNITED STATES. They built the World's Fair Organ (the largest in the world) for the St. Louis Exposition. This organ, in size, workmanship and tone, won the admiration of performers from all over the world. It thus ADVERTISED LOS ANGELES IN A WORLD-WIDE WAY.
The Murray M. Harris Co.
is now under contract to build a \$60,000 organ for ex-Senator Clark's New York home; \$25,000 organ for First Presbyterian Church, Pasadena; \$12,500 organ for Catholic Church, Santa Monica; \$12,500 organ for First Baptist Church, Oakland; \$11,000 organ for First M. E. Church, Long Beach; \$10,000 organ for First Presbyterian Church, Long Beach; \$4,000 organ for First Congregational Church, Santa Barbara, and the usual grist of small orders ranging from \$2,500 up, besides the usual work on
Our Mechanical Piano Player
is the only interior piano player ever successfully installed in the regular size piano; the business in this department alone should keep 200 people busy. Our purpose is to largely
Increase Our Capacity With New Capital
Our present stockholders, but few in number, have recently added to their holdings, up to their limit, hence
This Offer to You is an Honest Money Making Opening
Subscription books for stock have been opened at THE CITIZENS NATIONAL BANK, Third and Main Streets; BERNARD A. VOLLMER, 227 H. W. Hellman Bldg.; COLUMBIA TRUST COMPANY, Trust Department, 311 W. Third Street; EDWARD D. SILENT & CO., 217 W. Second Street, and at the FACTORY, Sichel Street, corner Alhambra avenue.

Los Angeles County—Its Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

"JUICE" FOR LIGHTING MUNICIPALITY.

PASADENA MACHINERY TO BE SHIPPED TODAY.

Another Expert Report Likely to Be Needed to Clear Up Muddle Problem. Developed—Lower Rates of Insurance Practically Assured. Pioneer of Eighty-one Passes.

Office of The Times, 100 N. Raymond avenue. PASADENA, Sept. 11.—At a special meeting of the City Council last night it was decided to advertise for bids for the foundations for the 200 kilowatt plant already ordered for the municipal lighting plant. The machinery will start from Pasadena today, and it is expected the foundations will be ready about the time the material arrives.

Owing to the absence of Councilman Barnes last night no definite action was taken on the conflicting reports of Superintendent Glass and Expert F. Scott. It is practically decided, however, that a third expert report will be needed.

Scott's report says the cost of the improvements necessary is \$24,000, including an underground conduit in the downtown district. Superintendent Glass holds that the necessary machinery can be installed for \$10,000. This is not the end of the muddle in the affairs of the local municipal ownership problem. It is said freely by Councilmen that Superintendent Glass in his zeal to establish the municipal plant has omitted to estimate factors of importance in the cost. For instance, he reports that the electricity needed by the city and for private consumption can be produced and delivered at a cost of 3 cents per kilowatt.

Butterfield puts the figure at 4 cents. It is estimated that Glass has not made sufficient allowance for the idle hours of the plant under its present and natural conditions. It is admitted that the plant could be run at its full capacity night and day that Glass's figures would be more than ample, but that it is considered that it will be practically shut down during the day time and only worked to its full capacity for a few hours in the evening, the cost will be increased.

Scott's report also reported that Glass proposes to use wire to light for economical service, that his "mish-mash" system is only adequate to emergency circuits where the wires can be tied in with fuses, and finds other faults with the advocate of municipal ownership.

Under these circumstances the Council proposes to go slow and it is likely that at the next meeting a resolution will be introduced authorizing the employment of one of the best experts in the state to make expertly on the two reports and to recommend a plan in which the Council can have full confidence.

LOWER INSURANCE RATES. Lower insurance rates for the business portion and other localities in Pasadena are practically assured through the visit here yesterday of Alfred J. Sullivan, secretary of the Board of Fire Underwriters of the Pacific Coast. He was the guest of Judge H. E. Klamroth, secretary of the Board of Fire Underwriters.

These gentlemen were neighbors in New York City and are warm friends. Mr. Sullivan authorized the Pasadena Board of Fire Underwriters to make that report of Alexander W. Field, who recently examined the fire protection of this city, was given to the board and his own investigations bore out the findings. He thinks that the Executive Committee of the fire underwriters will be guided by this report and that lower rates will be granted to the business section of the city and to North and East Pasadena.

PASADENA NEWS NOTES. After two jury trials, consuming two whole days, Harry L. Decker was last night convicted of oversteering his auto on June 27. Attorney Jackson of Los Angeles represented the defendant in both trials, and today J. Perry Wood, City Attorney, and his assistant, Paul S. Houbert, represented the people. Judge Robert M. McLaughlin imposed a \$500 fine. The limit fine is \$200 and was freely expressed at the mildness of the penalty as the better conduct against the defendant has cost the city far more than the penalty exacted. This verdict will probably deter any other delinquent from disrupting the ability of the courts to accurately time a moving automobile.

By the death of John W. Lancaster, at the age of 81, the city loses one of its pioneers. He died yesterday at his residence, No. 115 West Silver Drive, Mr. Lancaster, with his four sons, has been identified with the growth of the city for the past seventeen years. The funeral will be held Friday afternoon at 2 o'clock from the First Baptist Church. Rev. Albert Halcher Smith, assisted by Rev. Frank M. Dowling, will officiate. His wife and four sons survive him. The sons are T. M. Lancaster, deputy sheriff and bailiff at the Courthouse; E. F. Lancaster, former in the grocery business; H. A. Lancaster of South Pasadena; and J. M. Lancaster.

Henry T. Elliott died yesterday at his residence, 100 South El Molino. He was a resident of this city for about three years and came here after a successful career as a writer in the newspaper business. He was a member of the Presbyterian church and will conduct the funeral services at the family residence at 1:30 in the afternoon. The funeral will be private.

Surviving are a widow and three daughters, Mrs. Lewis Thomas, wife of the president of the Military College at Santa Monica and Misses Florence and Ruth. Mrs. Thomas and her husband have charge of the funeral services.

Notice of the meeting of the District Assembly of the Brotherhood of St. Andrew has been issued for next Sunday, at the mission recently started by All Saints Chapter in East Pasadena.

Independent baseball will be the program of the local nine until after the Homebrew League and the San Diego teams have played off their ties. Next Sunday, Pasadena will meet the team from the Los Angeles Franchise Company in Los Angeles on the Raymond grounds.

Because L. A. Packard, a book agent, found difficulty in his business, four warrants were sworn out yesterday before Judge H. E. Klamroth. J. B. Myers, who that Packard disturbed the peace, and committed battery and Packard retaliates with a charge of peace disturbances and battery against Myers and his foreman, A. V. Canfield. Packard deposited \$25 for his appearance September 25, and Myers and Canfield will plead today.

Owners of motorcycles were notified by advertisement in the local papers that they will be required to amply mufflers and carry bells upon their machines hereafter.

James A. Leonard, H. M. Cole, James McAdam and C. A. Day have proposed to the City School Board that they will grade the Great school grounds.

EYE CLOSED BY GRAFT.

Unique Operation Performed on Victim of Long Beach Explosion.

LONG BEACH, Sept. 11.—That she might be enabled to close her right eye, a delicate skin-grafting operation, making a new eyelid, has been performed upon Mrs. Walter Floyd, who was seriously injured in a gasoline explosion several weeks ago. Mrs. Floyd was horribly burned about the face, and when the wounds began to heal the skin over the forehead drew so tightly that the right eye was kept open all of the time.

The unfortunate woman suffered terrible agony, being unable to sleep without the use of opiates, and an operation was decided upon. The surgeons cut small strips of skin from her forehead and grafted them into slots cut in the upper and lower eyelids. The operation was successful, and after the wounds had healed Mrs. Floyd was able to close and open the eye as readily as before the accident.

The victim's arms, which were badly burned at the time of the explosion, also failed to heal properly. Eighteen square inches of skin was removed from Mrs. Floyd's body and grafted onto her arms. Her condition is now entirely satisfactory, and she is rapidly recovering her health.

and plant them with shrubbery if cement sidewalks, curbs and gutters are laid. This offer is made on behalf of the East Side residents.

Next Monday the regular classes of the Y.M.C.A. will resume. Applications for membership must undergo a physical examination and be recommended by the Y.M.C.A. committee.

Dr. T. S. Uu de Graft and family have returned from a trip of fourteen months to Vienna, Austria, where Dr. Uu de Graft took his medical degree.

Dr. William Rader will preach at the First Universalist Church Sunday morning and evening.

The First Universalist Church will be reopened next Sunday, with Rev. R. G. Dunham, the pastor, in the pulpit.

Miss Laura Kendall, who is entertaining as her guest the Honorable Lewis of San Francisco, gave a pretty party for her yesterday afternoon at her home of Summit avenue. La France roses were used decoration, and a musical programme afforded entertainment. There were twenty present.

SOCIETY NOTES. Miss Margaret Austin, whose marriage occurs Tuesday evening, September 24, was the guest of honor yesterday afternoon at a prettily appointed bridge party which was given for her by Misses Emily and Laura Shields at their home on South Los Robles.

The dancing room and library, where the card tables were arranged, were profusely ornamented with white marguerites, in compliment to Miss Austin. The room was decorated with hearts, daisies and Cade's and wedding bells were introduced in the form of the lace at the entrance.

The prizes were won by Miss Ethel Hinds and Miss Marie Bowden of Los Angeles. The Misses Shields leave Saturday for England, where Miss Emily Shields will enter Oxford, and the party was also in the nature of a farewell for those present.

These present were Misses Viola Ball, Volmer and Bowden of Los Angeles; Misses Julia Holmes, Ethel Hinds, and Misses Loring, Louise Austin, Gladys Gardner, Jeannine Rockwell, Ethel Hinds, Edith Hinds, Gladys Palmer, Cabot Constance Mcintosh, Grace Clark and Ada Bonney.

Cool Japanese bungalow at Venice. Pictures framed at Walworth's. Photo supplies. Morris-Thurston Co. Dr. Up de Graft, returned. Eye, ear, nose and throat. Dodsworth Block.

NO LEGAL RIGHT.

Public Spirited Citizen Loses Money. South Pasadena Trustees Move Busy Meeting.

SOUTH PASADENA, Sept. 11.—At the meeting of the City Council this week the old claim of W. H. Clarke for \$200 for money expended on Mission and Oakley streets, on a verbal promise that the city would refund was thrashed out and the Council voted that it had no legal right to pay the demand.

City Attorney and Marshal were instructed to keep up the fight against billboards.

At the next meeting of the board an ordinance will be introduced creating a fire department. In the meantime the Trustees instructed the City Marshal to proceed with the organization of a volunteer fire company, and City Marshal Johnston was appointed captain at a salary of \$30 a month for acting as chief and attending to the lighting of street lights.

NEW BOARD OF TRADE. Monday evening a number of business men met at the First National Bank for the purpose of organizing the South Pasadena Board of Trade. The officers elected for one year are Charles N. Taylor, president; Charles Cramer, secretary; E. D. Dubbin, treasurer; and a committee was appointed to draft a constitution and by-laws and secure a place of meeting.

VOTE FOR BONDS. At the Lincoln Park Improvement Association, Tuesday evening, a resolution was passed urging voters to vote in favor of the school bonds for the Lincoln Park school at the election, next Friday. The polls will be kept open from 8 o'clock a.m. until sundown.

Venice villas, reasonable rates.

PLUMBERS ARE GETTING POOR.

THREE FAIL WITHIN TEN DAYS AT LONG BEACH.

Contractor Owens Has Disappeared and Creditors Take Charge of His Affairs—Had Just Secured Sewer Contract and Things Are Tangled.

LONG BEACH, Sept. 11.—M. T. Owens, a contracting plumber of this city, finding himself deeply involved, has left for parts unknown, and his least creditors, Holbrook, Merrill & Holbrook, have taken charge of his affairs.

Inability to figure contracts is said to have caused Owens's downfall, and recent business depression leading to sharp competition among local plumbers, caused him to become reckless and he was unable to meet his payments.

Recently he secured the contract for the sewer system at Seaside Park and had ordered the pipe. His departure has stopped the work until the city can secure his relinquishment, when the plan he was to suggest, it is said, would have been the next high bidder.

Mrs. Owens says she has no knowledge of her husband's whereabouts, but is endeavoring to secure the best settlement possible with the creditors. Owens is the third local plumber to go to the wall in the past ten days, the others being Dehaven, on Pacific avenue, and Ray Stevens, on East Third street.

GARBAGE PROBLEM. Objection having been made to the present dump ground of the city, in the northeast part of town, the Trustees are seeking another site, and have been offered the use of five acres belonging to J. W. Canfield, outside the city.

The police and sanitary committee are also considering a proposition to dump the garbage on the beach, but this method is not a success. Eventually it is thought a crematory will be purchased, using the garbage as fuel for a municipal lighting plant.

LONG BEACH NOTES. City Attorney Skinner having given as his opinion, that the objections to the inequality of the Ocean avenue paving assessment were not too late with their protest, the City Trustees will sit at a judicial body September 15, to decide as to the fairness of the assessment.

Capt. Austin Fries, of the Board of United States Engineers, will meet with the Greater Long Beach Improvement Association at the City Hall Thursday night, to suggest a feasible plan for the reclamation of the river bottom northwest of the city. Under the plan he will suggest, it is said there will be no further objection.

A letter today from Messrs. Jean G. Drakes and A. M. Goodhue announces that they have completed the purchase of furnishings for Hotel Virginia. The furniture was purchased in Grand Rapids, Mich., and Kokomo, Ind., and is being shipped to Los Angeles. The East, however, could not meet Los Angeles prices on silverware and linen and those contracts will go to the Denver and Colorado Springs.

Rev. E. McCauley, the "Holy Roller" leader who was arrested and convicted of disturbing the peace recently, was given the death sentence by the State of California. He was sentenced to hang in the gas chamber at San Quentin.

The County Highway Commission made a trip over the roads in this section today. The trip was for the purpose of determining the condition of the roads and the need for improvement.

ADOPT SEWER PLAN. Santa Monica Trustees Find a Way Out of Their Difficulties—Bond Election.

SANTA MONICA, Sept. 11.—The City Council last night adopted the report of the Sewer Commission, which is generally conceded to be the most practicable and sanitary method of disposing of the city's sewage that has been presented. The plan is to take all sewage running through main of the city from the south line to the main street to Hollister avenue and by reverse main to the beach.

At Colorado avenue a pumping plant will be installed to lift the sewage from the beach to the main street. The plan is to be constructed in Colorado avenue between Ocean avenue and the beach. The effluent will then be conducted by gravity to the beach. The plan is to be constructed, and carried out in the ocean to a distance of not less than 100 feet. The estimated cost of the plan is \$70,000 less than the Dwyer plan.

Engineer Frank H. Olmsted presented a lengthy report in support of the plan. An ordinance of intention was introduced and passed on first reading, as was the ordinance to call a special bond election for this work, both of which received the unanimous vote of the Council.

HERE'S A BUBBY PORT. SAN PEDRO, Sept. 11.—The report of the local custom-house for August shows the arrival at this port of 182 steamers, twenty-five schooners, four barkentines and one bark, a total of 193 vessels, having a net tonnage of 18,144 tons, and carrying in crews 2128 men. The vessels brought 35,547,000 feet of lumber, 4,520,000 shingles, 29,000 shingles, 2,161,000 laths, 779 piling, 18,344 poles, 31,286 ties 782 tons of grain, 380 tons of flour, 519 tons of paper, 460 tons of merchandise, 2,545 barrels of oil, and 18,000 passengers. During the month 2779 tons of merchandise were exported and 18,508 passengers departed.

REDONDO. REDONDO, Sept. 11.—The Board of Trustees met in regular session last night. Passed the usual number of demands and instructed the clerk to advertise for 800 tons of two and a half inch fire hose. Plans for the new City Hall were presented to the board by a large number of architects who were present. George Cais, City Treasurer, has been granted a leave of absence for thirty days and will leave for the East Friday.

Bids for the erection of the proposed new eight-room schoolhouse will be opened Thursday evening by the board of school trustees. The bids received last week varied from \$2000 and were rejected.

INCORPORATION PROBABLE.

Claremont to Decide for or Against City Government Later Part of Month.

CLAREMONT, Sept. 11.—On September 23 the taxpayers of this district will vote to decide whether Claremont shall be incorporated as a city of the sixth class. The townpeople are almost wholly in favor of incorporating on the ground that the money which is now sent to Los Angeles for road funds for this district, would not only maintain all the streets of the proposed city, but would pay all the expenses of municipal government.

The assessed valuation this year of that portion of Claremont school district which is within the proposed incorporation limits, amounts to \$64,111. Under this assessment, the proposed city government would have available for running expenses \$324.

Those opposed to the measure have formed the Claremont Protective Association. They are chiefly ranchers living on the outskirts. They claim that the projectors of the scheme have gone out too far; that they will be unduly burdened with taxation and receive no benefits therefrom. The opposition is well organized and they claim to have secured many signatures, which will be more than enough to defeat the measure.

On the other hand the townspeople point with considerable justice to the fact that the phenomenal growth of Claremont has increased the value of the ranch property contiguous to it. Hundreds of acres within the proposed incorporation limits were assessed at \$10 an acre only five years ago. Now they are assessed at \$20 an acre, the increased values being due to their proximity to Claremont.

Venice villas, reasonable rates.

POMONA. POMONA, Sept. 11.—The Pomona Board of Trade has adopted a resolution pledging itself to enter into an agreement to provide two and one-half acres of land for the new Courthouse should this city be chosen the county seat of the proposed new county, and to supply the necessary building.

J. Edwin McCowan and wife returned from a month's trip to Northern California yesterday.

Mrs. D. A. Hawk is home from a month's trip to Illinois.

E. A. Hotchkiss will leave tomorrow for an extended business trip to Minneapolis and other eastern points.

Venice villas, reasonable rates.

AGAINST DIVISION.

Ausua Citizens Sign Petition Against Proposed New County—Bring Audience With Them.

AZUSA, Sept. 11.—The petition circulated in this district against the proposed division of Los Angeles county in favor of Pomona, has been signed by 365 out of the 340 voters here.

Tonight was held a meeting under the auspices of the Pomona County Division Bureau, and 152 people were present, of whom thirty-one were voters in Azusa. The bureau has been formed to date and another appeal will be made to the voters.

The sentiment here is strongly against division.

Bungalows and villas at Venice.

THE LITERARY.

TEACUP STORM.

(SPECIAL CORRESPONDENCE OF THE TIMES.) LONDON, Sept. 11.—A teacup storm in literary circles is being stirred up by the latest novel by George Bernard Shaw, "The Doctor's Dilemma." The ideal heroine of romance in past years was somewhere about 18. Of course she never grew old. Heroes must not. Yet here we have in nearly all the first rank novels of this year's summer and fall season a succession of heroines who are by least 20 and some very nearly to 30 years of age. The high-water mark was reached by Mrs. W. R. Inge's "The Doctor's Dilemma," which produced a heroine of 35. Anthony Hope's heroines are all putting on years. Ethel Glynn's even is anything from 25 to 35, according to the light. Robert Hichens makes his heroine in "The Call of the Blood" quite a woman and the guile wife in W. R. Inge's "The Doctor's Dilemma" is approaching 30, while the Baroness von Hutter's "Fam" owns to 27. It is the same with the very latest heroines of Percy White, Elizabeth Robins and John Galsworthy. They are all charming, delicious women, not girls in their teens as of old. What is the reason of this sudden change? Everybody is asking, but no one is answering.

PIERPORT PAYS FOR PAVING. Morgan Fails to Induce City to Remove Street and Sands Check Covering Costs.

(BY THE ASSOCIATED PRESS.) NEW YORK, Sept. 11.—Having failed to induce the city officials to remove the block opposite his home, in a style to accord with his ideas, J. Pierpont Morgan has determined to pay for the work out of his own private purse.

Morgan's check for \$1200, which is the sum the city's paving experts have figured it will cost, has been sent to the City Treasurer, and it is expected that his request will be granted.

The city has been asked to pay the asphalt pavement where it needed repairs instead of repaving the whole block as Morgan requested.

city of output. I hear, however, that he has been hard at work for many months on a startling novel, the scenes of which are laid in London and South Africa. This will not likely be issued until the new year, although its publication may be hastened should the rumor regarding the Nobel prize prove to be true.

Appreciation of Kipling's latest work is interesting to note that an old schoolfellow has subscribed his very first work, a little poem written when he was a schoolboy in knickerbockers at Westward Ho! This school, the United Service College, by the way, has just moved to the Royal borough of Windsor and has been amalgamated with the ancient school of St. Mark's, the neighbor and diminutive edition of Eton, basking in the sunshine of Windsor Castle.

Kipling as a boy began his worship of Browning, whom he later declared was his literary hero. The first poem he ever wrote he headed "By R—i—B—g," and called it "The Jampot." Here are the lines:

"The Jampot—tender thought,
I gabbled it as I did you,
"What wonder, while we fought
Together, that it flew
In shivers," you retort.

You should have loosed your hold
One moment; checked your fist.
I gabbled it as I did you,
"What wonder, while we fought
Together, that it flew
In shivers," you retort.

"But neither of us shared
The dainty—That's your plea?
I answer . . . Let me see,
How have your trousers fared?"

Few noticed the death of the other day in Wales of John Andrew Doyle, yet he was noted for two important things more than his date and another appeal has been issued by the London committee to literary people to send in their names. The committee will take the form of two annual scholarships for the study of modern English literature, one probably at University College, London, and the other at Columbia College, New York. A bronze portrait plaque will also be erected at each of these universities.

Latest accounts from the Welsh seashore are to the effect that George Bernard Shaw is enjoying himself. He is surrounded by a number of the students of the Fabian Vacation School. Although there are three debates a day, the school is a favorite with the students and Mr. Shaw finds plenty of time for amusement. They go in for swimming at 5:30 every morning, breakfast at 8:30, and then on to the gymnasium at 9:15. In the afternoon they go cycling, golfing, and for walking excursions over the mountains.

Scores of tourists have made pilgrimages to see Mr. Shaw, but he firmly declines to see any one.

Evidently the woman of 35 is going to take the same place in literature as the man of forty. It is a noticeable fact that the heroines of the latest novels are older women than formerly. The ideal heroine of romance in past years was somewhere about 18. Of course she never grew old. Heroes must not. Yet here we have in nearly all the first rank novels of this year's summer and fall season a succession of heroines who are by least 20 and some very nearly to 30 years of age. The high-water mark was reached by Mrs. W. R. Inge's "The Doctor's Dilemma," which produced a heroine of 35. Anthony Hope's heroines are all putting on years. Ethel Glynn's even is anything from 25 to 35, according to the light. Robert Hichens makes his heroine in "The Call of the Blood" quite a woman and the guile wife in W. R. Inge's "The Doctor's Dilemma" is approaching 30, while the Baroness von Hutter's "Fam" owns to 27. It is the same with the very latest heroines of Percy White, Elizabeth Robins and John Galsworthy. They are all charming, delicious women, not girls in their teens as of old. What is the reason of this sudden change? Everybody is asking, but no one is answering.

Pabst Blue Ribbon

The Beer of Quality

is a pure, healthful food—for brain-workers and muscle-workers.

Pure—because only the best grain and the choicest hops are used. Absolute cleanliness marks every step in brewing.

Food—because the Pabst Blue Ribbon Malt Process follows Nature closely, retaining every particle of the wholesome food-values of the barley-grain which the Pabst Perfect Brewing Process transforms to the beer in predigested form.

Healthful—because the malt is mashing, the hops are invigorating and the very low percentage of alcohol (3.5%) mildly stimulates the digestive organs to proper activity.

You will find that your appetite is better, your digestion is better, your health is better, when you drink Pabst Blue Ribbon Beer.

**Let Me Guide You on Your
Way to Regain Your
Health and Renew
Your Strength**

Get Cured Now

It is not a question of whether you can be cured, but whether you will be cured. Don't wait until it is too late. The cure is absolutely certain. I cause no pain, and you need not be detained from your work for one day. I especially cured those cases in which the many so-called treatments have failed, or where money has been wasted on museum doctors, electric belts and other appliances.

Examination Free

I offer not only Free Consultation and Advice, but in every case that comes to me I will make a Careful Examination and Diagnosis without charge. No ailing man should neglect this opportunity to get expert opinion about this trouble. If you cannot call, write for Diagnosis Chart. My offices are open all day from 9 a.m. to 9 p.m., and Sundays from 10 to 1.

MEN

Why Do You Wait

Not a day passes but what I have men come to me in a terrible condition from neglect and improper treatment. It seems to me that any man in a sane state ought to know that his trouble is being aggravated for the want of proper medical attention. Do they know it and neglect it, or, it became many unprincipled men in my professional administration. Do they know it and neglect it, or, it became many unprincipled men in my professional administration.

Is It The Reason?

CALIFORNIA REDWOOD LUMBER EXPORTS.
BY WALTER J. BALLARD.
According to circular 110, just issued by the Forest Service, prepared by R. S. Kellogg, chief officer of wood utilization, California redwood ranks third in our lumber exports—the order being, yellow pine, Douglas fir and redwood. Mr. Kellogg pays tribute to the excellent records of domestic and foreign shipments of redwood, kept by the Lumber Record Bureau of San Francisco. The 1906 foreign shipments were:
Total shipment \$2,367,388 100%
This total export represents, approximately, 6.5 per cent. of the total redwood production in 1906. The exports of 1906 were nearly four times those of 1904, nearly six times those of 1905, and greater than those of any previous year. Here are the bi-yearly export figures:
Board feet. Val. 1904-1905 1,432,742 \$1,432,742 100%
1905-1906 5,714,627 5,714,627 100%
